Red Ball (ages 5-8)

A great way to learn tennis, play with larger low-compression balls on a soft court, to help younger players learn, enjoy, grow and succeed in the game.

Orange Ball (ages 6-10)

Play with a lower-compression orange ball on a soft court to give younger players an opportunity for longer rallies and learn point construction all while having fun.

Green Dot Ball (ages 8-12)

Play with a lower-compression ball green dot ball on a 78 ft soft court, focusing on developing ball control, placement, depth, speed and spin. Also working on movement and consistency.
